

SCV 4 STEAM VAC

The SCV 4 Steam Vac is the 3-in-1 solution for coarse and wet dirt. It removes dirt from all floors and surfaces using the power of steam, without the need for detergents.

Order no.

1.056-530.0

- 3-in-1 cleaning
- Elimination of bacteria and viruses without the addition of detergents
- Endless power for optimal cleaning results, even on stubborn dirt

Technical data

EAN code		4066529002716
Test certificate¹⁾		Removes up to 99.999% of viruses ¹⁾ and 99.999% of bacteria ²⁾
Max. performance	W	1600
Cable length	m	8
Heat-up time	s	30
Tank capacity	l	0.5
Heating output	W	1300
Area performance per tank filling	m²	75
Number of current phases	Ph	1
Voltage	V	220 - 240
Frequency	Hz	50
Colour		White
Weight without accessories	kg	7.1
Weight incl. packaging	kg	11
Dimensions (L x W x H)	mm	305 x 308 x 1216

Scope of supply

Descaling cartridge: 1 Piece(s)

Multi-surface roller: 1 Piece(s)

Equipment

Safety valve

Steam flow control: on device (two-step)

Tank: removable and can be refilled whenever needed

Integrated on/off switch

¹⁾ When spot cleaning with the Kärcher steam cleaner, i.e. steaming for 30 seconds at maximum steam setting in direct contact with the surface to be cleaned, 99.999% of enveloped viruses, such as influenza viruses (with the exception of the hepatitis B virus), can be removed from standard smooth hard surfaces in the home. (test germ: Modified vaccinia virus Ankara). ²⁾ When cleaning at a cleaning speed of 30 cm/s at maximum steam setting and in direct contact with the surface to be cleaned, 99.999% of all common household bacteria are eliminated on common household smooth hard surfaces (test germ: Enterococcus hirae). ³⁾ The use of the descaling cartridge extends the lifetime of the device by ten times (based on operation without a cartridge, a water hardness of 20 °dH (degrees German hardness) and a carbonate hardness of 15 °dH (degrees German hardness), based on internal durability tests). Regular replacement of the descaling cartridge at the maintenance interval is essential. ⁴⁾ The Kärcher steam vacuum cleaners can halve your cleaning time, since common household dirt can be removed from floors in a single step, doing away with the need to vacuum before mopping.

3-in-1 function

- Saves up to 50% time⁴⁾ when cleaning, as the suction function eliminates the need for vacuuming beforehand. Deep cleaning is carried out using the steam function.
- Removes all types of dirt with 4 different cleaning modes – even larger and more stubborn dirt.

Non-stop steam and integrated descaling cartridge

- The removable tank is easy to fill at any time – for continuous steam without interrupting your work.
- The intelligent descaling cartridge automatically removes limescale from the water, dramatically extending the service life of the device.

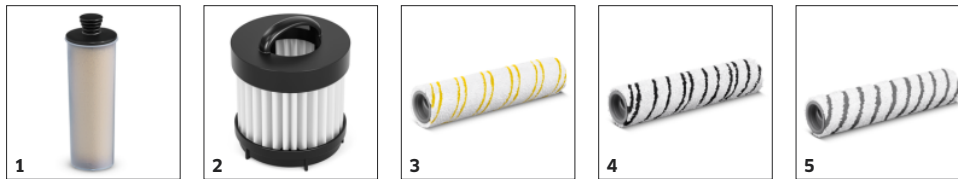

Simple and user-friendly display

- Simple display for selecting the various steam modes and showing the device's most important features, such as heating up, cartridge replacement, full dirty water tank or empty fresh water tank.

ACCESSORIES FOR SCV 4 STEAM VAC

1.056-530.0

		Order no.	Description	
STEAM CLEANERS				
Miscellaneous				
Descaling cartridge	1	2.863-018.0	Fast and effective descaling for Kärcher steam cleaners. All you need to do is insert the cartridge, and you're done.	■
Filter	2	2.863-397.0	Reliable cartridge filter system for the Kärcher steam vacuum cleaner SCV 4 Steam Vac.	■
STEAM VACUUM CLEANER				
Rollers				
Universal roller	3	2.863-394.0	Multi-surface roller for gentle cleaning and care of all floors. Lint-free, absorbent, hard-wearing and machine-washable up to 60 °C. Suitable for the SCV 4 Steam Vac.	■
