## Systematic navigation

- Systematically cleans the entire area without forgetting anything.
- The direction of travel changes automatically when the mower comes into contact with obstacles.
- Automatically returns to the start position.

## Automatic detergent application

- Two ultrasonic spray nozzles ensure drip-free moistening of the window pane.
- The window cleaning agent supplied ensures a streak-free shine and allows rain to run off more quickly – delaying resoiling.

## High safety standard

- Safe hold thanks to reliable vacuum technology and additional safety system.
- Additional protection thanks to an integrated emergency battery that keeps the window cleaning robot securely attached to the window pane even in the event of a power failure.
