Tried-and-tested roller technology

- The rotating roller is continuously moistened with fresh water and thoroughly wiped after each rotation. This guarantees hygienic and effective wet cleaning of hard floors.

Intelligent dirt detection

- The RVF 7 Comfort recognises the degree of soiling and then automatically adjusts the cleaning parameters to ensure efficient and thorough cleaning.

Live camera with remote access

- You can access the live camera of your connected RVF 7 Comfort at any time via the app, allowing you to monitor your own home while travelling.
